

FOR IMMEDIATE RELEASE

ACUTEMP[®] FOOD DELIVERY BUSINESS ACQUIRED BY COVERTEX

Dayton, Ohio USA, November 14, 2006: AcuTemp, a manufacturer of high performance insulation and mobile thermal management products, announces the sale of its food delivery business to CoverTex Corporation, Brampton, ON, Canada. The sale includes all the assets of the AcuTemp pizza oven and disc delivery system, which will now be manufactured, marketed and serviced by CoverTex.

Additionally, CoverTex will be introducing a new line of VAC-PAC THERM-O-POUCH insulated hot bags for pizza and other meal delivery services. The new bags combine 28 years of CoverTex experience in providing high-quality products with AcuTemp's ThermoCor[®] high performance insulation for a superior food delivery solution.

“The sale of the food delivery business is consistent with our strategy, namely to focus the company’s growth efforts on its line of products for the storage and transport of temperature sensitive goods in the pharmaceutical and biotechnology markets,” stated Mike Mathile, President and CEO of AcuTemp. “CoverTex has a great tradition of serving the food delivery industry. Their acquisition of the business was a natural fit in continuing to provide our many food delivery customers with quality products and service.”

M.S. “Ozzie” Ozechowsky, president of CoverTex stated, “We are pleased to add the delivery system ovens, heated discs and the newly introduced VAC-PAC THERM-O-POUCH bags to our product line. We are committed to providing product design leadership and quality in serving the current customer base and in growing the business. We anticipate a smooth transition as we take the reins of this new segment of our business.”

Effective immediately, customers should contact CoverTex regarding the former AcuTemp food delivery products, including the pizza delivery system, pizza delivery discs, and insulated food delivery bags and hot packs. For more information, please contact CoverTex at 800-968-2310.

AcuTemp is an industry leader in the design and manufacture of high performance insulation and reliable products for the storage and transport of temperature sensitive goods that will enhance or save human life. The company provides thermal solutions for businesses with temperature sensitive requirements in industries such as pharmaceuticals, biotechnology and transportation. AcuTemp has its headquarters in Dayton, Ohio, USA. The company is privately held.

CoverTex Corporation is a leading manufacturer of reusable delivery products for the food delivery industry. The company has served the food service industry for over 28 years and was the initiator and designer of the “Original” THERM-O-POUCH insulated food delivery bags. POUCHES are thermodynamically designed to control moisture and maintain foods at specified temperatures, and are available in nylon, polyester and vinyl with screen print or embossed logos. CoverTex is headquartered in Brampton, Ontario, Canada.
